

PARAMETRAGE RETOURS STARBOX WASHTEC

The screenshot shows a web browser window with the URL <http://755a7772028d4eb.bdx.gprsnet.com/admin/configinputcontrol.htm>. The page title is 'Apps config CBSQUARE'. The sidebar on the left contains the following menu items: 'Configurer les textes', 'Configurer Système badge', 'Configurer les sélections', 'Configurer les programmes', 'Configurer retours inhibitions', 'Configurer les distributions', 'Configurer plages discount', 'Configurer Accepteur', 'Configurer Cpts déportés', 'Configurer Périphériques', and 'Configurer'. The main content area is titled 'CONFIGURATION RETOUR D'INHIBITION' and includes a sub-header 'INSTALLE RETOUR ETAT INHIBE PRIORITE TEXTE'. Below this, there is a table with four rows, each representing a control. The first three rows have checkboxes checked, and the fourth row has the checkbox unchecked. The table columns are: CONTROL, a checkbox, a numeric value, a voltage dropdown, a priority value, and a text field.
